Academics

Our core values of *Curiosity, Commitment, Character, and Community* are the foundation of our competency-based curriculum, designed to ensure that all students learn, practice, and achieve each of our Academic, Social, and Civic Competencies, achieving the vision of the Hudson School District's Portrait of a Graduate. The expansive course offerings, both through our academic programs and Career and Technical Education (CTE) Center, provide students with many opportunities to pursue their academic, professional, and personal goals.

Competency-based Grading System

Each course reports an overall, cumulative grade as well as a breakdown of the proficiency levels in each competency, both of which can be accessed in live-time on the Quick Lookup area of the parent and student portal. Report cards are posted to the Power School Portal after each quarterly marking period.

- Each quarterly report card will reflect the current, cumulative progress in the course and not an isolated, 45-day calculation.
- Current progress in course Competencies will also be included on the report card. Students must be Meeting or Exceeding Expectations (ME or EE) at the conclusion of the course in order to earn credit. As all courses are still in progress at the end of quarter one, students still have time to improve their overall grades and competencies.
- Official AHS transcripts remain the same and report only final grades for each course and the career GPA.
- Honor Roll and co-curricular eligibility continue to be based on the quarterly GPA.

Cumulative Grades

Letter grades and other symbols are used to represent levels of academic achievement, which factor into a student's grade point average (GPA) on the official high school transcript. Honors courses are weighted an additional .3 GPA value and Advanced Placement (AP) courses are weighted an additional .6 GPA value.

Grade	Correlation	GPA Value	Honors-Level GPA Value	AP-Level GPA Value
A+	98-100 %	4.3	4.6	4.9
A	93-97 %	4.0	4.3	4.6
A-	90-92 %	3.7	4.0	4.3
B+	87-89 %	3.3	3.6	3.9
B	83-86 %	3.0	3.3	3.6
B-	80-82 %	2.7	3.0	3.3
C+	77-79 %	2.3	2.6	2.9
C	73-76 %	2.0	2.3	2.6
C-	70-72 %	1.7	2.0	2.3
D+	67-69 %	1.3	1.6	1.9
D	63-66 %	1.0	1.3	1.6
D-	60-62 %	0.7	1.0	1.3
F	0-59 %	0	0	0

PC*	Passed Competencies	0	0	0
FC*	Failed Competencies	0	0	0
I	Incomplete	0	0	0
EA	Excessive Absences	59 % calculated for term grade		

*Classes with PC grades are awarded credit with a zero GPA value. The original grade and GPA value is reinstated upon successful remediation of Failed Competencies (FC) classes.

Competency Levels

Competencies are the core skills and concepts that are essential to each course at Alvirne High School. In order to earn course credit, students must Meet Expectations (ME) or Exceed Expectations (EE) in all identified Competency areas. This may be accomplished by demonstrating proficiency on key, major assessments (Student Mastery Assessments or SMAs) within the Competency.

Level	Description
EE	Exceeding Expectations: Student has exceeded proficiency standards for this competency.
ME	Meeting Expectations: Student has met proficiency standards for this competency.
AE	Approaching Expectations: Student is approaching proficiency standards in this competency.
NI	Needs Improvement: Student has not yet met proficiency standards for this competency.
MNC	Missing No Credit: Sufficient evidence has not been provided to assess proficiency standards.

Assessments

- **Formative Assessment:** Formative Assessments are the ongoing, day-to-day “snapshots” that measure a student’s progress through the learning process and prepare them for present and future learning. Formative assessments can be informal (teacher observation) or formal (quizzes, classroom activities, benchmark assignments, rough drafts, etc.).
- **Summative Assessment:** Summative Assessments or Student Mastery Assessments (SMAs) are culminating tasks that measure understanding and independent application of the important concepts, skills, and big ideas and may span over a unit or sometimes several units of study. These assessment tools typically reflect the interconnection of several course Competencies and are scaffolded by benchmark activities and Formative Assessments.

Both Formative and Summative Assessments will be awarded a traditional grade using the established grading scale with the weight or point value commensurate with the importance of the assessment. Only Summative Assessments will be evaluated in the course Competencies.

Competency Remediation

Remediation opportunities are available for students who need additional time and support to meet course competencies after school and in the summer as well as some online options. Students with the grade designation of FC in a course (earned a 60% but did not meet expectations in one or more competencies) during

the academic year are eligible for credit recovery through AHS remediation programs.

Classroom Citizenship

The Classroom Citizenship Rubric is a way for teachers to work with students to help them develop the important, 21st century skills that translate to success in higher education, career readiness, and throughout their lives. The document reflects Alvirne’s High School’s Core Values and Beliefs along with the Hudson School District’s Portrait of a Graduate. Student proficiency levels are communicated on quarterly grade reports. These designations are for internal use only, and do not appear on student transcripts:

- 4: Contribution Exceeds Expectations
- 3: Contribution Meets Expectations
- 2: Contribution Approaches Expectations
- 1: Contribution Needs Improvement

While the rubric does not directly affect student grades, some of its elements may be factored into grades in other ways such as penalties for late and missing work. Our hope is that the Classroom Citizenship Rubric creates productive dialogue between home and school by providing parents with information that will help them to support their child’s learning.

[Classroom Citizenship Rubric](#)

Incomplete Grades

A student who does not complete work in a given class within a marking period may be assigned an Incomplete (I) on the Report Card at the discretion of the teacher and the Dean of Academics. Students with Incomplete grades are responsible for communicating with their teachers to establish a plan to complete the necessary coursework. Work not completed within the established time frame will be given a grade of zero unless there are extenuating circumstances.

Graduation Requirements

Graduation requirements increased to 24 credits beginning with the class of 2021.

Content Area	Credits
English	4
Social Studies	3
Mathematics (including Algebra 1)	4
Science	3
Fine Arts	0.5
Health Education	0.5
ICT Literacy (if not met in middle school)	0.5
Technology	0.5
Physical Education	1
Electives	7
TOTAL	24

Minimum Course Load

A student must be enrolled in a minimum of six credits each year.

Graduation Ceremony

Hudson School Board Policy states that no senior may participate in the Alvirne High School graduation

ceremony unless all credits and graduation requirements have been met.

Early Graduation

A student may graduate prior to their eighth high school semester per the following guidelines:

- All graduation credit and graduation requirements have been met.
- An application for early graduation is completed prior to the senior year.
- Parent/guardian approval is received and the student's school counselor is involved

Potential early graduates must return for a minimum of five second semester classes if course withdrawal or failure in the first semester causes the student to fall below the graduation requirement.

Course Withdrawal

- Courses dropped during the first 10 days of the start date, whether it is semester one or two, will not appear on the student's transcript.
- Courses dropped from day 11 to day 23 of the term will remain on the transcript as Withdrawn (W) with no GPA impact.
- Courses dropped after day 23 will remain on the transcript with a grade of Withdrawn Pass (WP) or Withdrawn Fail (WF), reflecting the grade at the time of the withdrawal. A WP has no impact on GPA; whereas a WF calculates as a zero GPA factor.

Honor Roll

Honor Roll is determined at the end of each quarterly marking period using the following standards:

- High Honors with Distinction: 3.7 GPA (no grade below a B-; Meeting/Exceeding all competency expectations)
- High Honors: 3.3 GPA (no grade below a B-; Meeting/Exceeding all competency expectations)
- Honors: 3.0 GPA (no grade below a C+; Meeting/Exceeding all competency expectations)

Students must be enrolled in at least six course credits with no Incomplete (I) grades to be eligible for Honor Roll status.

Class Rank

Class rank is determined through the cumulative average of final grades (calculated to the hundredth place) for all credits earned and reflects weighting for both Honors and AP courses. A student's class rank appears on the official transcript and is available to colleges and other post-secondary institutions upon release by the student or the student's parent/guardian. Class rank for graduating seniors is determined after seven semesters of high school study at the conclusion of the first semester of the school year. The class Valedictorian, Salutatorian, and Class Essayist are named at this time.

Honors Graduates

Seniors earning a 3.0 career grade point average will be recognized as Honors Graduates as determined after seven semesters of high school study. Seniors achieving this distinction will be recognized in the graduation program and with an honor stole. The weighted grade point average is calculated to the hundredths place, with no rounding up or rounding down. A student, therefore, achieving a cumulative 2.99 GPA does not qualify for Honors Graduate recognition.

NH Scholars

Alvirne High School is a partner school in New Hampshire Scholars Initiative, an effort by area business and school volunteers to encourage and motivate all high school students to complete a defined, rigorous academic course of study that prepares them for successful transition to college or university coursework or vocational and technical training necessary to enter today's competitive job market. Research shows a strong positive correlation between the academic rigor of a student's high school course of study and the completion of a

postsecondary program of study, be it a 2-year or 4-year or certificate program as well as success in the workplace. Students may also specialize their program of studies with an emphasis in Science and Technology (STEM), the Arts, or both (STEAM). Students who complete the requirements to be a NH Scholar will receive special designation on their high school diploma and transcript, as well as a medal and recognition at graduation. Interested students should develop a NH Scholars plan with their school counselor.

[NH Scholars Requirements Pathways Form](#)

Advanced Placement (AP) Courses

Alvirne High School offers a wide variety of Advanced Placement programs for students who seek to challenge themselves with accelerated coursework. Students who enroll in an Advanced Placement course at Alvirne High School are required to take the corresponding Advanced Placement examination, which will be paid for by the district. Students choosing to take additional AP examinations are required to pay for those administrations.

College Courses

Students may transfer credits from colleges and universities to meet high school graduation requirements with prior approval. While grades for these courses will appear on the high school transcript, they will not be factored into a student's grade point average (GPA). Students are subject to college policy and entrance requirements and are responsible for any fee and tuition costs.

Summer, Evening, and Online Courses

Students must receive prior permission from the Dean of Academics to apply a course not taken at Alvirne High School to fulfill a graduation requirement.

Late Work Guidelines

As outlined in the Hudson School District's Portrait of a Graduate, we are committed to helping students' develop the work habits, perseverance, and self-advocacy skills that lead to success in post-secondary education, career readiness, and throughout their lives. The AHS Late Work Guidelines support students' development of responsible and considerate work habits while still prioritizing their academic growth in our competency-based approach to learning:

- Summative Assessments will be assigned two traditional grades: a Cumulative grade based on a rubric or other evaluation guidelines for the work AND a Responsibility grade based on the student's adherence to the due date.
- Competencies will be evaluated and entered into PowerSchool at their true level of proficiency.
- Formative Assessments submitted late may be accepted and graded at the teacher's discretion, considering the assignment's value and relevance in the student's learning continuum.

Cheating/Plagiarism

In keeping with our core value of *Character*, students are expected to behave with honesty and integrity in the completion of their academic work. Cheating is representing someone else's work as your own or allowing others to represent your work as their own. Plagiarism is a form of cheating that is defined as taking words, information, or ideas from another source without giving credit or providing proper documentation. Cheating and plagiarism undermine our learning community and will not be tolerated.

Examples of cheating include but are not limited to:

- Submitting another's work as one's own

- Giving/receiving test, quiz, or homework answers (working together without teacher permission)
- Using/ supplying “cheat sheets,” texts, etc. on an assessment or inappropriately gaining prior knowledge of assessment questions
- Copying work or allowing someone else to copy your work
- Cutting and pasting from the internet or using direct quotations without proper documentation
- Rephrasing the ideas of another without indicating the source
- Using a translator for assignments in world language classes without teacher approval
- Using summaries (Cliff/Sparknotes) in place of reading the text
- Submitting internet work as one’s own

The penalty for cheating or plagiarism may include a failing grade on the assignment and administrative discipline at the discretion of the Dean of Academics. Incidents of this nature may also result in exclusion from school honor societies including the Alvirne chapter of the National Honor Society or other honor recognitions.

Study Halls

Study halls are an opportunity for students to read and complete homework in a quiet atmosphere. Students should come to study hall each day prepared to work or with a pass from another teacher or to the library. Expectations for behavior are the same as in any other classroom. Sleeping is not allowed and student use of electronic devices is at the discretion of the teacher. The teacher assigned to the study hall is there as a resource to help students with their work.

Attendance

Good attendance and punctuality support student engagement and success in school. Our attendance policies are intended to foster our core values of *Commitment*, teaching students “work ethic, independence, and responsibility” needed to reach their potential in high school and beyond.

The following guidelines should not be interpreted to mean that students have allowable “cuts” or days off from school. To the contrary, these guidelines state that the school will accept no more than six absences in any class per quarter with the expectation that all absences are for legitimate reasons.

Attendance Failures

- Students have a limit of six undocumented absences per quarter for each course.
- More than six absences in a quarter result in an Excessive Absence (EA) failure for the term.
- An EA quarter grade on the report card is calculated as 59% toward the corresponding term grade for the course. The term GPA affects school privileges such as athletic and co-curricular eligibility, parking, and honors attendance.
- Every 3 days per quarter a student is tardy/dismissed from class will equal ½ class period of absence.
- Students will have ten school days to appeal an EA grade from the day the report card was issued. Such appeals should be directed to an assistant principal.

Notified Absence (AN)

Notified Absences, including dismissals and tardies, have been reported to the attendance office (886-1260 ext.3) by a parent or guardian. Students may not call themselves in. Notified Absences count toward the six day term absence limit. Students with Notified Absences are responsible for making up all missed work for full credit.

Documented Absence (AD)

Documented Absences do not count toward the six day term absence limit. These include but are not limited to:

- Illness or appointments with doctor's documentation.
- Family emergencies
- Bereavement
- Religious holidays
- Court orders
- School-related field trips and activities
- College visits (capped at 2 per year unless permission is given by the principal for additional visits)
- In-school and out-of-school suspensions

Parents/Guardians requesting a Documented Absence should contact an assistant principal around the date of absence.

Suspended Truant Absence (ST)

If a student has been assigned to in-school suspension, and they do not attend and without parent permission, the absence will be designated as suspended truant (ST). These absences will count toward the 6 day term absence limit, and missing work/assignments are accepted only with teacher approval.

Truant Absence (TA)

Truant Absences have not been reported to the attendance office and count toward the six day term absence limit. Students are responsible for all missed work. Late penalties, consistent with teacher practice, may apply.

Class, Study Hall & Lunch Cuts

Students are required to be present for all scheduled classes, study hall(s) and assigned lunch during the school day. Class cuts are considered Truant Absences and count toward the six day term absence limit. Cutting classes, study hall(s) and lunch will result in the following consequences:

- First infraction: 1 hour of detention
- Second infraction: 2 hours of detention
- 3-5 infractions: 3 hours of detention each
- 6+ infractions: 1 day ISS for each (EA grade for 7 undocumented absences in a quarter)

Tardy to School

Students arriving to first period class after 7:25 am are deemed tardy to school. Oversleeping, missing the bus, or unreliable transportation do not excuse tardiness to school.

- Students arriving tardy to school before 7:45 am go directly to class, and the teacher will record the tardy to school.
- Students arriving after 7:45 am must sign in with the attendant at the main entrance at the Steckevecz doors, even if the student is on time for later classes.

Tardy to School/Class Consequences

Students are expected to be in class on time with the following consequence for undocumented tardiness:

- First tardy per quarter: Teacher Warning
- Second tardy per quarter: Teacher or Administrative Detention
- 3-5 tardies: 1 hour for each violation
- 6-8 tardies: 2 hours for each violation
- 9-10 tardies: 3 hours for each violation
- Eleven + tardies per quarter: In-school Suspension (ISS)

Note: Excessive tardiness to school may also result in loss of student privileges including parking, early release, and late arrival.

Make-up Work

- Students are responsible for all classwork and homework missed during an absence.
- Students have two days to make up work for each day of absence. A student should speak with the individual teacher or school counselor regarding extensions for extenuating circumstances.
- Work assigned before the absence is due immediately upon return to school.
- Students on school field trips are responsible for missed work and are not entitled to extensions on due dates. Students should inform their teachers of an absence for a field trip or other school activity prior to the absence.

Homework Request

Parents may phone the Dean of Academics or School Counseling Office to request homework for an absent student allowing for a 24-hour turn-around time. Parents and students are also encouraged to contact teachers directly through email with questions about missed classwork.

Dismissal from School

No student is to leave the building without being properly dismissed. Students who need to be dismissed from school must present a note from a parent/guardian to the main entrance attendant or main office as they arrive at school. A telephone number where a parent may be reached must be included on the note. In cases of emergencies or unusual situations, the school nurse will notify an administrator and the parents/guardians. Leaving the school building without following proper procedure will result in disciplinary action, and notes presented after the fact will not be accepted.

Appointments

Doctor's appointments and other appointments should be scheduled, whenever possible, at times other than during the school day. Documentation for such visits should be submitted upon the student's return to school.

Late Arrival and Early Release

Late Arrival is a privilege available to juniors and seniors, allowing students who do not have an assigned first-period class to arrive at school in time to attend their first scheduled class. The following procedures apply:

- Students must have a Late Arrival form signed by a parent/guardian on file each semester.
- Students report to the cafeteria after signing in and wait for the bell ending first period.

Early release is a privilege available to juniors and seniors, allowing students to leave school at the completion of their last scheduled class. The following procedures apply:

- Students must have a signed Early Release form on file each semester.
- Students must leave the building after their last scheduled class within a reasonable time.
- Students who need to remain on campus must report to cafe study and follow all study hall rules.

Age of Majority

Consistent with federal requirements under 34 CFR § 99.5, when students reach the age of majority the rights and responsibilities that had been previously assigned to parents transfer to the student. This means that upon reaching the age of 18, students will become responsible to sign consent forms for school events, dismissal slips, permission slips and other documents. Alvirne High School will no longer be able to accept consent documents or formal requests from a person other than the 18-year-old student.

School Withdrawal

Any student who is eighteen years of age or older wishing to withdraw must bring in a written note from parents. This procedure will be followed in all cases except for students eighteen years or older living independently. Students withdrawing or transferring from school must obtain a *Withdrawal from School Form* from the School Counseling Office which outlines the following procedure:

- Return any course books or materials to teachers who will sign the withdrawal form.
- Return library books and have the school library/media specialist sign the withdrawal form.
- Have the form signed by an Assistant Principal and school nurse.
- Return the *Withdrawal from School Form* to the School Counseling Office.

Honors Attendance

Seniors on the Honor Roll and Juniors on the High Honor Roll will be eligible for a free period rather than an assigned study hall. Students will have access to the café, school store, the library, and to teachers for make-up work and extra help without a teacher pass. Students may request to remain in a structured study hall. Students who want Honors Attendance should fill out the form available in the Student Management Office (room 102).

The Juniors Honors Attendance form can also be found by [clicking this link](#).

The Senior Honors Attendance form can be found by [clicking this link](#).

College Visits

Juniors and seniors are allowed two documented absences for college visits per year, and additional days may be authorized by the building principal. A *College Visitation Form* must be obtained from the School Counseling Office prior to the visit, completed by the visited institution, and returned to the main office.

Vacations

Vacations during the school year are discouraged and count towards quarterly absence limitations, even with parent notification.

Field Trips

A parent or guardian must sign a permission slip before the student will be permitted to participate in school-sponsored field trips. Approved field trips are Documented Absences and do not count toward the six-day Excess Absence limit.

Student Management

Our core values of *Character* and *Community* are the principles that guide our standards for student conduct at Alvirne High School. We are committed to supporting the emotional well-being and growth of every student by maintaining expectations and structures that foster the development of responsibility, self-management skills, and consideration of the rights of others. Thus, our highest priority as a school community is to provide a safe, secure, and respectful environment, where students have the opportunity to learn and teachers have the opportunity to teach--an environment free of drugs, intimidation, fear, or violence of any kind.

Trust and communication between students and staff and between home and school are essential to the achievement of these goals. It is the responsibility of teachers and administrators to implement school discipline policies with fairness and consistency as well as understanding and compassion. In addition, students are afforded due process in all school disciplinary matters, and parents receive notification of

discipline infractions involving administrative consequences. Criminal offenses are reported to the Hudson Police Department. In an effort to clarify the Hudson School District Policies, we have divided various misbehaviors and rule violations—and their consequences—into an easy to understand chart.

Hudson School District Student Behavior Standards (Pre-K-12)

Hudson's Strategic Plan for 2019-2024 has three pillars including Strong Learning Environments, Vibrant Learning System, and Strong Connection: School, Family and Community. Two out of the three pillars directly address Student Behavior. These connections are found in Strong Learning Environment Goal 1: The Hudson School District (HSD) will provide safe and secure schools that support welcoming learning environments and foster continuous learning for students, staff, and the community; and in Vibrant Learning Community Goal 1: Students in the Hudson School District are actively engaged in goal setting and accountability related to their learning. Below you will find a link to our discipline policy.

<https://www.sau81.org/common/pages/DisplayFile.aspx?itemId=731101>

The Hudson School District is committed to supporting the Social, Emotional, and Intellectual growth of every student. The primary purpose of the Hudson School District is education. In order for students to learn and teachers to teach, a safe and orderly atmosphere conducive to learning must be maintained. The following behavioral standards have been designed to help students to learn and teachers to teach, both in remote learning environments or in-person school activities.

Behavior Standards are established in alignment with school and district core values:

- Hudson School District Strategic Plan 2019-2024
- Portrait of a Graduate: *Responsibility, Communication, Citizenship, Curiosity, and Social Emotional Learning*
- Alvirne Core Values: *Character, Curiosity, Commitment, Community*
- Hudson Memorial Core Values: *Respect, Responsibility, and Hard Work*
- Nottingham West Core Values: *Positive Attitude, Accept Responsibility, Work and Play Safely and Show Respect*
- Hills Garrison Core Values: *Be Safe, Be Respectful, Be Responsible*
- Early Learning Center Core Values: *Be Safe, Be Respectful, Be Responsible*

Classroom Behavior

These behaviors will generally be addressed through in-class instruction regarding behavior expectations for classroom routines and structure, and clear responses to behavior which may include in-school disciplinary actions and strategies initiated by the classroom teacher.

- Teachers will discuss behaviors with the student, and remind and reteach behavior expectations in a discreet, respectful, and private way.
- Student and staff will work together to develop a mutually agreeable plan to help the student learn skills to successfully meet expectations.
- The teacher may proceed with in-class interventions, with home contact by the teacher as needed.
- If the student does not respond to previous interventions, the student may receive additional intervention (additional support through school counseling or support staff).

- Continued classroom behaviors may escalate to more serious responses.

Disciplinary outcomes will be determined by the teacher and the severity of the action and context in which the action occurred.

Disruptive Behavior

These behaviors are purposeful or repeated low-intensity behaviors that interrupt the routine of the school day. These behaviors can be addressed both inside or outside the classroom by a teacher or with support from an administrator.

- Staff will discuss behaviors with the student, remind and reteach behavior expectations in a discreet, respectful, and private way.
- Student and staff will work together to develop a mutually agreeable plan to help the student learn skills to successfully meet expectations.
- Staff will then proceed with interventions, with home contact as needed.
- If the student behavior does not change, the student will receive additional intervention inside or outside of the classroom by an administrator.
- Students who are assigned to detention will have an opportunity to reflect on their behavior, problem solve for improved behavior, and make up lost learning time.
- Continued disruptive behaviors may escalate to more serious responses.

Disciplinary outcomes will be determined by the severity of the action and context in which the action occurred.

Rule Violation

These acts are considered as significant violations of accepted student behavioral standards. These behaviors require the intervention of a building administrator.

- Staff will discuss behaviors with the student, remind and reteach behavior expectations.
- Student and staff will work together to develop a mutually agreeable plan to help the student learn skills to successfully meet expectations.
- Staff will then proceed with corrective actions, with parent contact by an administrator.
- If the student behavior does not change, the student will receive additional actions inside or outside of the classroom by an administrator.
- Continued disruptive behaviors may escalate to more serious responses.

Disciplinary outcomes will be determined by teacher/administration the severity of the action and context in which the action occurred.

The following section details specifics about procedures at Alvirne:

Teacher Detention

Teachers can assign detention to be served before or after school at their discretion for minor classroom offenses such as occasional tardiness, missing homework, lack of preparedness for class, or talking out of turn. Students will be provided 24-hour notice prior to serving the detention and, if scheduled for after school, be released by 3:15 pm in order to take the late bus. Teacher detentions are not included in a student's cumulative discipline record; however, missed teacher detentions and/or repeated misconduct will be referred for administrative discipline.

While serving Teacher Detention, students must report to the teacher's classroom at the end of the school day. Depending on the teacher and the conditions of that day's attendance, the student may be completing missed assignments or other academic tasks as assigned. When students leave their assigned detention area, they are to

report to the Steckevez entrance and remain there until they catch the late bus or are picked up.

Classroom Removal or Dismissal Due to Behavior

If a student is removed from, or is asked to leave, class, the student may be asked to wait in the assistant principal's office, known as Room 102. Student expectations, while in Room 102 are the same as in the classroom with the additional expectations of remaining quiet, and diligently working on given tasks. Additionally, any electronic device must be given to the administrative assistant when entering Room 102 regardless of infraction. **Students who are removed from class will *not* participate in athletics or other co-curricular activities for the remainder of that day.**

students who are removed from class--regardless of whether they are later suspended--will *not* participate in athletics or other co-curricular activities for the remainder of that day.

Administrative Detention

Disciplines involving administrative detentions are retained in the school discipline files. After school detentions are held on Monday, Tuesday, and Thursday after school. Administration may also have the student serve detention during the student's free time (lunch, etc.) during the academic day. While serving an Administrative Detention, students report to the Student Management Office and a teacher monitor will take them to a designated area for quiet academic work. Students should bring enough work or silent reading to occupy the designated detention period. When students leave their assigned detention area, they are to report to their next scheduled class (if during the day) or the Steckevez entrance and remain there until they catch the late bus or are picked up.

Note: Personal phones and other electronic devices are not permitted during detention periods or while in ISS.

Missed Detentions

Missing a teacher or administrative detention may occur on occasion for unavoidable reasons such as illness, academic obligations, or family emergency. If this occurs, the student should communicate with the teacher or administrator, and the detention may be assigned to another day. Failure to attend an administrative detention may result in one day of In-School Suspension (ISS).

In-School Suspension (ISS)

In-School Suspension (ISS) is assigned for more serious or multiple discipline infractions. Students can be assigned a maximum of three In-School Suspensions per quarter, with a duration of no more than 10 days for each infraction. Following the third assignment, students will be assigned an Out-of-School Suspension (OSS) for infractions for the remainder of the quarter. While serving an In-School Suspension, students will report to the ISS room and work on assignments given to them by their classroom teachers or administration. Use of phones and other electronic devices is not permitted.

Note: Personal phones and other electronic devices are not permitted during detention periods or while in ISS.

Out-of-School Suspension (OSS)

Students who commit severe violations of school safety are suspended from school and are not permitted on school grounds. If school is cancelled for any reason, the suspension will be extended to the next school day.

Suspension from School and Athletics/Participation in Co-Curricular Activities

Students who receive either ISS or OSS are also suspended from participating in athletic practices and games, and participation in any co-curricular activities during or after school. This suspension will last from the date of suspension through its duration. **In addition, students who are removed from class--regardless of whether they are later suspended--will *not* participate in athletics or other co-curricular activities for the remainder of that day.**

Make-up work after an OSS

Students receive full credit for work completed during an OSS. Out-Of-School Suspension days are not counted towards the six-day limit for an Excessive Absence (EA) grade. Students should coordinate missing work with individual teachers. If a student has received an OSS for multiple days, parents should follow the Homework Request practice listed in this handbook.

Suspension and Expulsion of Students (RSA 193:13)

- The Superintendent or chief administering officer, or a representative designated in writing, is authorized to suspend students from school for gross misconduct or for neglect or refusal to conform to the reasonable rules of the school, providing that where there is a suspension lasting beyond 10 school days, the parent or guardian has the right to appeal such suspension to the local school board. This report shall be investigated by the Principal or his/her designee. Within five (5) working days, or as soon thereafter as is reasonably possible, a final report in writing detailing the status of the incident shall be submitted to the Superintendent of Schools. Violators will be suspended at once. In addition, any student in the possession of, or any student selling or distributing alcohol or drugs, will be subject to disciplinary action up to and including expulsion from school. It should also be noted that students who are in possession of look-alike drugs or in the presence of others who use or possess drugs are subject to disciplinary action. Students on suspension from school or absent from school on a given day are not to be on school property for any reason, at any time of day, unless given explicit permission by the administration.

Student Resources and Services

Current research and our own experience as educators tell us that students learn and grow best when supported by a caring and responsive school community. At the heart of our Core Values, therefore, are the resources and services provided by Alvirne High School and the Hudson School District to support students and their families. From routine questions to crisis intervention, homework assistance to food insecurity, trained and caring staff members are available to help students reach their full potential.

School Counseling

The School Counseling Department is an important resource that works together with students, parents, and school staff to help students build a solid foundation in high school for their future. School counselors help students to better understand themselves, to recognize their interests and talents, and to design their high school careers around their academic, career, and personal goals. Each student entering Alvirne is assigned a counselor and will work with that counselor during his or her four-year career in high school. We encourage students to see their counselor often to obtain information concerning two and four year colleges, technical and vocational schools, job-seeking strategies, course selection, career planning, and for answers to any other questions or concerns they may have about planning from school to career. A four-year academic plan and a focus on school to career transition are established in grade nine.

Counselors are also available for personal counseling. Appointments may be made during study periods. In addition, counselors contact students during the school year for various checks on individual academic progress and for selection of courses for the next academic year.

Health Services

Health Services are available to all students through the nurse's office. The following are school policies regarding medication, immunizations, and physical exams:

Medications:

- All medications must be taken under the direct supervision of the school nurse.
- The nurse must have a Physician's order and parental consent form on file for each medication and inhaler.
- All medication will be kept in the original container in the nurse's office.
- State law requires that all prescription medications must be brought to school by a parent.

Students in possession of medication, including over-the-counter medication, outside of the nurse's office will be subject to disciplinary action.

Immunizations

All students must be immunized to attend school as follows:

- TDAP, 11 years and older: A one-time dose of TDAP when more than 5 years have passed
- Polio, Grades 2-12: 3 doses, with the last dose given on or after the 4th birthday
- MMR, Grades k-12: 2 doses required, at least one on or after the first birthday
- Hepatitis b, Grades k-12: 3 doses at acceptable intervals
- Varicella: 1 dose plus a history of disease or 2 doses of vaccine
- A physician's certificate is required for verification of immunizations. A notarized physician's certificate is required for immunization exemption based on religious and medical reasons.
- Students may be prohibited from attending school for noncompliance with immunization requirements and during an outbreak of a communicable disease.
- Children must have proof of all required immunizations, or valid exemptions, in order to attend the first day of school. Documentation of immunity by confirming laboratory test results is acceptable.
- A child may be enrolled under conditional enrollment when the parent or guardian provides: Documentation of at least one dose of required vaccine and the appointment date for the next due dose of required vaccination.

Physical Exams

Copies of yearly physical exams should be submitted to the Health Office.

Academic Support/Math Support Centers

Extra help is available to students in all subject areas throughout the school day and after school in the

Academic Support Center. A schedule is posted on the school website. The Math Support Center (located within the Academic Support Center) is an additional resource providing tutoring, reassessment, and remediation for math courses as well as support for students' interdisciplinary math needs. Students may request a pass from a teacher or school counselor to visit.

School Lunch Program

Healthy lunches and a la carte items are available for sale in the cafeteria during lunch periods each day. The Hudson School District uses a computerized point of sale debit meal payment system. This system allows parents to deposit money into a child's account, and funds will automatically be deducted when cafeteria meals are purchased, using a unique 4-digit personal identification number (PIN) assigned to the child. Since this is a debit system, students must have a balance in their account to purchase lunch or a la carte items.

Free/Reduced Price Lunch: Applications for free or reduced price meals are available for any family who wish to apply. They are available year-round in the Main Office, Nurse's Office, School Counseling Office, as well as from the Food Service Director or on our website under Parents/Students >[Forms](#). You may apply at any time and are encouraged to do so. Students requiring meal modifications must have their physician complete a Special Diet Order, which are available in the Nurse's Office, online, and from the Food Service Director.

The 2020/2021 cost for breakfast is \$2.25 and up and lunch is \$3.25.

If you have any questions, please feel free to contact the Food Service Department by email at canger@sau81.org or by calling 886-1245, Monday -Friday (9:30 am-2:30 pm).

Lockers

Lockers are furnished and maintained by the School District and remain school property. Students are assigned lockers by the school. Gym lockers are provided for student use during P.E. classes. To protect their possessions students should place their own lock on the gym locker. As a condition of usage of a school locker, students are advised that the school administration reserves the right to inspect a student's locker, if necessary, to maintain the integrity of the school environment, to protect other students, or to enforce safety regulations.

Senior Picnic Area

The picnic area located near the football field concession stand is for seniors only. The area will be open, weather and behavior permitting, during a senior's assigned lunch period. Seniors who allow underclassmen to eat in the picnic area will lose the privilege; underclassmen in the picnic area will face disciplinary consequences.

Athletic/Co-Curricular Activities

Academic Eligibility

To be eligible for participation in athletic/co-curricular activities, students must have passed four courses and maintain at least a 1.7 GPA in the marking period immediately preceding the activity. Students must also maintain the school minimum course load during the activity. Fourth quarter grades determine fall eligibility.

Attendance

Students must be in attendance at school within an hour of their school start-time to participate in an after-school athletics/co-curricular activity, including practices, games, performances, meetings, and rehearsals. Exceptions for documented absences and other extenuating circumstances must be approved by an administrator.

School Conduct

Students who are sent to the office for discipline are not eligible to participate in athletic/co-curricular activities or attend school events on that day. Students who are suspended may not participate in after-school activities until the conclusion of the suspension period.

Sportsmanship

Students are encouraged to participate in and attend school athletic events. Good sportsmanship dictates that visiting teams be treated as guests. Students attending athletic events are expected to represent themselves as they would during a school day and obey all school rules.

Insurance

Students must have accident insurance to participate in intramural or interscholastic athletics. School insurance is available to purchase for students who are not otherwise covered.

School Dances

The following rules apply to all school dances:

- Dances are for Alvirne High School students and their guests.
- Students are allowed to bring guests to a school dance with prior approval from an administrator. Guests are subject to all AHS regulations and the administration reserves the right to reject a proposed guest.
- Students must be present in school the day of the dance to attend.
- Students who receive disciplinary action including cutting classes the day of the school dance will not be permitted to attend.
- Once a student leaves the dance, he or she will not be readmitted and must leave the school grounds.
- Cars left in the school parking lot during a dance are subject to police supervision.

Hudson School District General Information and Policies

Asbestos

The Asbestos Hazard Emergency Response Act (AHERA) requires school districts to inspect, monitor and, when necessary, remove asbestos from school buildings. The School District contracted with a licensed firm to inspect each building for asbestos containing building materials (ACBM) and to prepare an Asbestos Management Plan that identifies the location and condition of all ACBM. The U.S. Environmental Protection Agency requires that AHERA re-inspections be conducted by licensed inspectors every three (3) years to note any changes in the ACBM. Copies of the Asbestos Management Plan and re-inspection reports for the School District are on file at the Superintendent's Office and at each school office.

Drug-Free Schools

- Annual Notice: The school district shall annually distribute to each employee, student and parent a notice as required by the Drug Free Schools and Communities Act Amendments. An appropriate statement may also be included by the school district in any employment manual, student manual, or otherwise disseminated.
- Review: The school district shall conduct a periodic review of its drug and alcohol abuse prevention programs. A review shall be conducted at least biennially or more often as may be required by law or regulation. The review shall serve determine the program's effectiveness; allow for the implementation of changes to the program if they are needed; and ensure that the sanctions imposed for violating this policy of other drug or alcohol rules are consistently enforced.
- Implementation: To educate and assist employees, students, parents and others in understanding the drug and alcohol abuse policy and the goals of achieving drug free schools, the school district shall take the following actions and such others as may appear appropriate:
 1. A description of the applicable legal standards under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;
 2. A description of the health risk associated with the use of illicit drugs and the abuse of alcohol;
 3. A description of any drug or alcohol counseling, treatment or rehabilitation or reentry programs that are available to employees or students;
 4. A clear statement that the school district will impose sanctions on students and employees (consistent with local, state and federal law) and a description of those sanctions, up to and including expulsion of a student or termination of an employee and referral for prosecution, for violations of the standards of conduct required by this policy.
 5. The school district's drug and alcohol education and prevention program for students must be age appropriate and developmentally based. Drug and Alcohol Abuse Prevention Notice to all Employees, Students and Parents

The Hudson School District places great importance on eradicating drug and alcohol abuse. The school districts' goal is to prevent alcohol abuse and maintain drug free schools and workplaces. As a part of that effort, this notice is given to employees, students, and parents. Eradication of drug and alcohol abuse is a national priority. The Drug Free Workplace Act of 1988 and the Drug Free Schools and Community Acts Amendments of 1989 require educational agencies that accept federal funds or grants to establish alcohol and drug policies and programs consistent with specific federal guidelines. This legislation impacts on the district because the school districts compete for and accept federal funds and grants; therefore, the school districts will enforce and implement the policies and programs established. Copies of all drug and alcohol policies are available from the Superintendent's Office. Information is also published in student handbooks.

Health Risks Associated with Abuse

Use of drugs or controlled substances, except under professional supervision and prescription, and abuse of alcohol is

dangerous. Drug and alcohol abuse jeopardizes the well-being of the individual and the community. To assist employees, students, and parents to become better aware of risks associated with drug and alcohol abuse, drug education and awareness programs are held from time to time. These programs provide a variety of information including that which pertains to the effects, attitudes, motivations of drug and alcohol use, as well as how to seek help preventing or dealing with abuse. These programs are highly recommended for those who may need this help in dealing with personal substance abuse problems.

Drug and Alcohol Use Prohibited

Because of the importance that the school districts place on drug and alcohol abuse prevention, standards of conduct have been established. Copies of these standards are contained in student handbooks and are given to all employees. These rules, in general, prohibit the unlawful possession, use, distribution, manufacture, dispensation, or being under the influence of controlled substances, illicit drugs or alcohol by employees and students on property owned, leased or used by the school district or at its sponsored or supervised activities. These standards of conduct are mandatory and are a condition of your continued employment or attendance in our "schools." Employees or students who violate the standards of conduct are subject to disciplinary action. These sanctions (consistent with local, state, and federal law) include up to expulsion from school or termination of employment and referral for prosecution. Sanctions will be imposed. Depending on the type and seriousness of the violation, disciplinary action may include:

- A written reprimand to be included in the employee or student's personnel files;
- Notification of the employee or student conduct to the appropriate regulatory agencies including law enforcement agencies;
- Termination of employment and referral for prosecution;
- Suspension or expulsion from school and referral for prosecution; and
- Being required to successfully complete a drug/alcohol abuse treatment or rehabilitation program.

Employees working in connection with a grant from any federal agency are required to notify the school district of any conviction for any criminal drug statute for a violation occurring in the workplace no later than five days after such conviction. The school district must report this conviction to the granting agency and will impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program by any employee who is so convicted. An employee who fails to timely report a conviction will be terminated from employment.

Criminal Sanctions

Not only does violation of drug and alcohol rules jeopardize employee or student status; it may also result in criminal charges under local, state, and federal law for the unlawful possession, use, or distribution of illicit drugs and alcohol. Criminal penalties are significant. Fines, imprisonment, or both may be imposed. Although the penalties are periodically revised, required minimum penalties, including mandatory imprisonment, are common. Loss of a driver or professional license also may follow. Penalties that may be imposed include fines and imprisonment as prescribed by the New Hampshire Controlled Drug Act (RSA 318:B: 26 which is incorporated herein) and the Federal Controlled Substances Act (21 U.S.C.S. section 841 et seq. which is incorporated herein).

Drug and Alcohol Abuse Counseling

Help is available for students who are alcohol or drug abusers. As part of any disciplinary action, students may be required to participate in a drug or alcohol program. Before disciplinary problems arise, individuals should consider whether help might be in order. A free and confidential conference is available from a school counselor.

Student Records

Recent State and Federal Legislation has guaranteed parents and students access to student educational record

information and control over the release of this information to others. Since Federal Statutes require that the education institutes shall annually inform the parents and eligible students of the rights accorded them, this announcement serves as this year's notice to parents and students. The revised Family Rights and Privacy Acts became Federal law in November 1974. The intent of this law is to protect the accuracy and privacy of educational records. Without the student's prior consent, no one except for the student and those authorized individuals who have a legitimate educational interest will have access to the student's educational records.

Parents/guardians may have an appointment to inspect and review their child's records. The appointment may be made in person or by telephoning your child's respective school. Upon review of the records, parents/guardians/students have the right to challenge that information if there is any reason to believe that the information contained therein is inaccurate, misleading, or inappropriate. If there is agreement, the necessary steps to amend or correct the information contained in the record will be taken. If agreement is not reached, a hearing will be scheduled by the building Principal. The hearing will provide an opportunity for challenging views and reasons to be expressed. Challenging parties may bring, at individual expense, any individual who may be of assistance. Following the hearing, if an agreement is not reached, challenging parties have the right to appeal the decision to the Superintendent and subsequently, to the School Board. In the event that the appeal fails at any level of the hearing procedure, challenging parties have the right to have entered into the record the statement of the issue as perceived by those challenging it. The rights pertaining to access and challenging described herein are transferred to the student on the attainment of his/her 18th birthday or admission to an institution of postsecondary education.

Directory information which includes name, address, parents' names and address, date and place of birth, dates of attendance, major field of study, class schedule, participation in officially recognized activities and sports, weight, and most recent previous educational agency or institution attended may be released unless you make a request in writing to the contrary. All such requests shall lapse on the first day of October, immediately following the request, except those requests received in September shall remain effective until the first day of October of the following calendar year. This information will be released only in accordance with the guidelines established by the Hudson School District. If challenging parties believe the school district is not in compliance with the law, there is the right to file a complaint with the Family Rights and Privacy Act Office, Dept. of HEW, Washington, DC 20201. A copy of the official Hudson School District Policy relative to this act is available at the Office of the Superintendent and may be obtained there. Further questions may be directed to the Office of the Superintendent of Schools, 20 Library Street, Hudson, NH 03051.
